

Bus Services on Barra

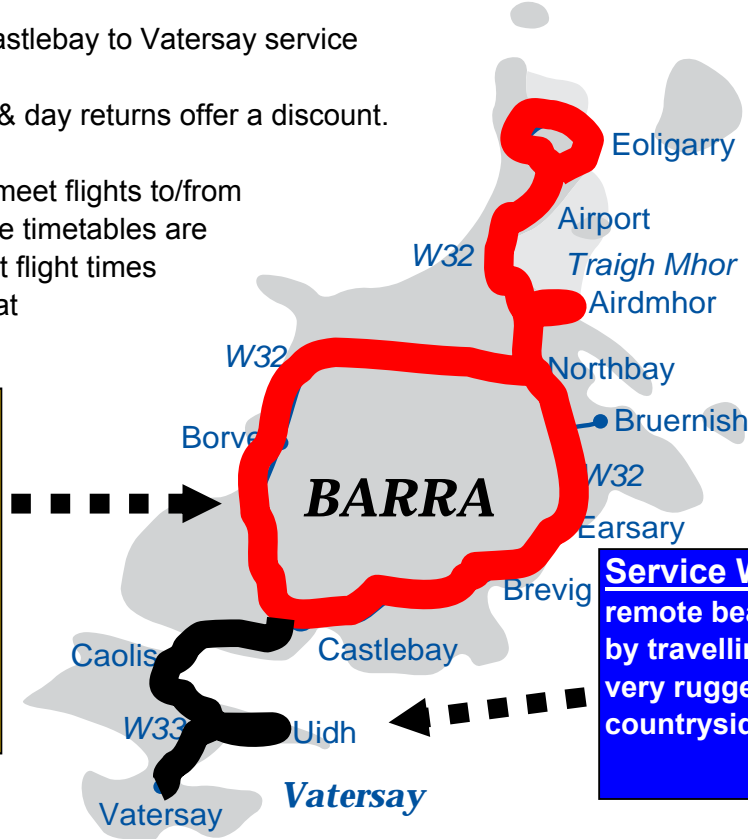

There are three bus routes on Barra. Table W32 covers the two routes from Castlebay Via East & West Sides of the Island with Both Routes extending to the North taking in Northbay. Traigh Mhor Airport, Airdmhor Slipway & Eoligarry – either via Brevig & the East Coast, or via Borge & the West Coast.

Service W33 covers the Castlebay to Vatersay service

Bus fares are inexpensive & day returns offer a discount.

Some services operate to meet flights to/from Glasgow & Benbecula. The timetables are complicated by the fact that flight times are dependent on the tide at Traigh Mhor.

Service W32 offers regular service from Castlebay to Airport & Sound of Barra Ferry at Airdmhor and some services giving a complete circular tour of the main island

Service W33 visit very remote beaches at Vatersay by travelling through some very rugged and beautiful countryside
